LOOKING FOR A CANDIDATE ATTORNEY?

Legal Education and Development, a division of the Law Society of South Africa, renders a free service that is beneficial to both prospective principals and prospective candidate attorneys.

This free of charge service operates as follows:

- Information regarding prospective candidate attorneys (law graduates) is gathered and kept in a databank. This information includes personal particulars, degree(s), working experience etcetera.
- Prospective principals contact Legal Education and Development (LEAD) if they need to appoint a candidate attorney.
- The data service will provide the prospective principal with the information required.
- The prospective principal then contacts the candidates of his/her preference to arrange interviews.

This project is made possible through the subvention by the Attorneys Fidelity Fund.
