## Notice

17 March 2021

### Closing of firms

The Legal Practice Council (LPC) would like to request all legal practitioners who are in the process of closing their firms, and those who have previously given notice of closure but did not receive confirmation from the LPC, to ensure that they contact the LPC Provincial Offices before proceeding with the closure process.

The LPC has received correspondence from members of the public who were unable to make contact with firms, only to discover that those firms have closed without informing the Council.

The attention of anyone to whom this notice applies is drawn to the provisions of Rules 54.31 – 54.33 of the Rules.

Please see below the contact details of the persons to contact at the Provincial offices.
