RATIONALISATION OF THE JUDICIAL ESTABLISHMENTS: LIMPOPO DIVISION

1. The Rationalisation Committee has completed phase 1 of its work on the rationalisation of areas under jurisdiction of the Divisions of the High Court. It is now required to assess the judicial establishment of each Division and the local seat under any such Division with a view to ensure equitable distribution of judicial posts.
2. We request the Legal Practice Council, as our stakeholder, to assist the process (Phase 2) by providing views about:
 - **How the legal professions' work is impacted by the availability/unavailability of judges whether permanent or on acting basis.**
3. We would appreciate it if you would provide the information at your earliest convenience, but not later the 15th of January 2024.
